ABOUT DATA PRIVACY SERVICES

DATA PRIVACY

Data protection and cybersecurity, once solely the turf of specific industries, now touch all avenues of business. Virtually every agreement entered into will contain some form of data privacy obligation, which may or may not be in your company's best interest.

Whatever your endeavor, failure to skillfully grasp and navigate the domain of data privacy law could undermine the short and long-term success of your pursuit.

- Draft Standard Data Processing Agreements and Policies
- Contract Review and Negotiations
- M&A Due Diligence and Negotiation of Appropriate Representations and Warranties
- Advising on Expansion into New States and Countries and Related Compliance Issues
